ABOUT WEBINAR:

As every one knows how difficult is managing financial resources. Financial Wellness is the process of learning how to successfully manage financial expenses. Money plays a critical role in our lives and not having enough of it impacts health as well as wealth. **Reducing financial stress through healthier financial decisions** is very much essential in this present situation. "Organizations should work on Improving the financial lives of our employees by supporting sound financial decisions". It also plays an important role. Financial wellness may include understanding and improving the areas of an individual's economic life that an organization can influence. This particular webinar focuses on those areas and guide how efficiently one can succeed in achieving the goal of financial wellness.
