One day National Seminar

Frontiers in Chemical Sciences (FICS-2018)

on
15th September 2018

Organized by:
Department of Chemistry
Palamuru University
Mahabubnagar, Telangana

About Mahabubnagar

Mahabubnagar is a district in the Indian state of Telangana. Mahabubnagar is the district headquarter which is popularly known as Palamoor. It is situated in the southern part of Telangana State along the borders of rivers Krishna and Tungabhadra. Tourist places in Mahabubnagar include Pillalamarri, Manyamkonda, Sri Ranganayaka swamy temple, Jogulamba temple, Koilsagar and Jurala Irrigation projects.

About Palamuru University

Palamuru University is one of the promising and upcoming institutions of higher learning in the new state of Telangana. It is a matter of pride that, the formation of this University for expanding the avenues of higher education is fulfilling through G.O.Ms no.89 dated 25-6-2008 which was a precursor to the act no.29 of 2008 had set in motion the establishment of six new universities across the undivided state of Andhra Pradesh. The campus is spread over 171 acres with beautiful, spacious, academic, administrative, and hostel buildings that include seventeen departments to impart relevant higher education to the students with highly motivated faculty, in order to promote the environment for global and dynamic education.

About the Chemistry Department

The Department of Chemistry is an integrated complex which consists of excellent faculty members who carry out technical teaching and multi-disciplinary research activities in the field of Organic synthesis, Medicinal Chemistry, Environmental Chemistry and Nanotechnology. The department has infrastructural facilities in terms of equipped laboratories with modern instruments

The faculty in the department are credited with DST sponsored Research projects and research publications in reputed International and National journals of high impact factors.

Seminar Topics

- ❖ Synthetic Organic Chemistry
- ❖ Heterocyclic Chemistry
- ❖ Nanochemistry
- ❖ Supra molecular Chemistry
- ❖ Green Chemistry
- ❖ Medicinal Chemistry
- ❖ Spectroscopy
- ❖ Organo- catalysis
- ❖ Molecular Modelling
- ❖ Asymmetric Synthesis
- ❖ Multi Component Synthesis & other interdisciplinary topics related to chemical sciences.

About the Seminar

This one day Seminar is aimed to give an opportunity to the participants, scientists, researchers and all representatives of Pharmaceutical and Chemical Industries to showcase their cogent findings and for exchange of new ideas through invited talks. This Seminar also provides a platform for deliberations in interdisciplinary communications and intensify collaborations between scientists and industries.

Speakers

Eminent Professors/Scientists from Academia and Research Institutions

Poster Presentation

Participants are requested to send the abstracts in Times New Roman font, Size 12 with 1.5 spacing in English and in MS word format (not exceeding in 300 characters) on or before 25-08-2018
