

C. Raghavender M.Sc, BEd

Faculty of Inorganic Chemistry

E-mail: raghusri17@gmail.com

C. Raghavender completed his M.Sc. in Inorganic Chemistry from Osmania University in 2009 and his B.Ed. from Osmania University in 2007. He qualified for both AP & TS SET in 2014, conducted by Osmania University. He began his academic career as a Lecturer in Chemistry in 2009 and has accumulated 15 years of teaching experience to date. He worked as a Lecturer in Chemistry at SRV Degree College, Kosgi, from 2009 to 2017, at Govt. Degree College, Kodangal, from 2017 to 2018, and at TS Model College, Vennached, from 2018 to 2022. Raghavender is an expert in Bonding in Metal Complexes, Metal Clusters, and Symmetry of Molecules. He has also taught advanced topics such as the Spectroscopy of Inorganic Molecules (NMR and Mass Spectrometry). In laboratory teaching, he has guided students in the Synthesis of Complex Molecules and the Estimation of One- and Two-Component Mixtures through both qualitative and quantitative analysis. Since November 2022, C. Raghavender has been serving as a Part-Time Faculty in the Department of Chemistry at the PU-PG Center, Wanaparthy, Palamuru University.
