Department of Integrated Chemistry

Palamuru University

Mahabubnagar 509001, Telangana

## About Palamuru University

In the academic year 1987-88, Osmania University established a PG center at Mahabubnagar with two PG courses viz., M.Com and MBA. In order to fulfill the long cherished dreams of the people of combined Mahabubnagar district, the PG center was upgraded to Palamuru University in September 2008. The greenery rich campus is spread over 171 acres with beautiful and spacious academic, administrative and hostel buildings that include seventeen departments.

## About the Integrated Chemistry Department

The department of Integrated Chemistry, one of the most active departments of PU, was established in the year 2009. It offers M.Sc. Integrated Chemistry programme with an annual intake of 40 students. The mission of the department is to impart and disseminate knowledge, develop competencies and provide basic inputs of research in various areas of chemical sciences. The faculty of the department is credited with DST sponsored Major Research Projects and research publications in leading national and international journals of high impact factors.

## About Mahabubnagar
