

K. Srisailam M.Sc, BEd

Faculty of Organic Chemistry

E-mail: srisailamkontemoni@gmail.com

K. Srisailam completed his M.Sc. in Organic Chemistry from University PG College, Palamuru University, in 2017 and obtained his B.Ed. from Rayalaseema University in 2020. He qualified for the TS-SET in 2019, conducted by Osmania University. He began his academic career as a Lecturer in Chemistry in 2019 and has accumulated 5 years of teaching experience to date. He worked as a Lecturer in Chemistry at MVS PG College, Mahabubnagar from 2019 to 2023, and later at the Social Welfare Residential College, Balanagar, from 2023 to 2024. Srisailam is an expert in Stereochemistry, Conformational Analysis of Cyclic Compounds, Asymmetric Synthesis, and Organic Reaction Mechanisms. He has also taught advanced topics such as Synthetic Reagents, New Techniques in Organic Chemistry, and the Spectroscopy of Organic Molecules (IR, UV, NMR, and Mass Spectrometry). In laboratory teaching, he has guided students in the Synthesis of Organic Molecules, Separation and Identification of Functional Groups in binary mixtures, and the Synthesis and Estimation of Drugs. Since March 2024, K. Srisailam has been serving as a Part-Time Faculty in the Department of Chemistry at the PU-PG Center, Wanaparthy, Palamuru University.
